Take Your Safety, Quality and Environmental Documentation To The Next Level

Get Organised and GO Completely
Paperless Now!

Online

Integrated

Organised

Mydox is a Safety, Quality and Environmental digital software platform which removes the requirement to complete old fashioned paper forms for good.

The Mydox Team will develop and customise your Safety, Quality and Environmental systems to your specific business requirements and branding.

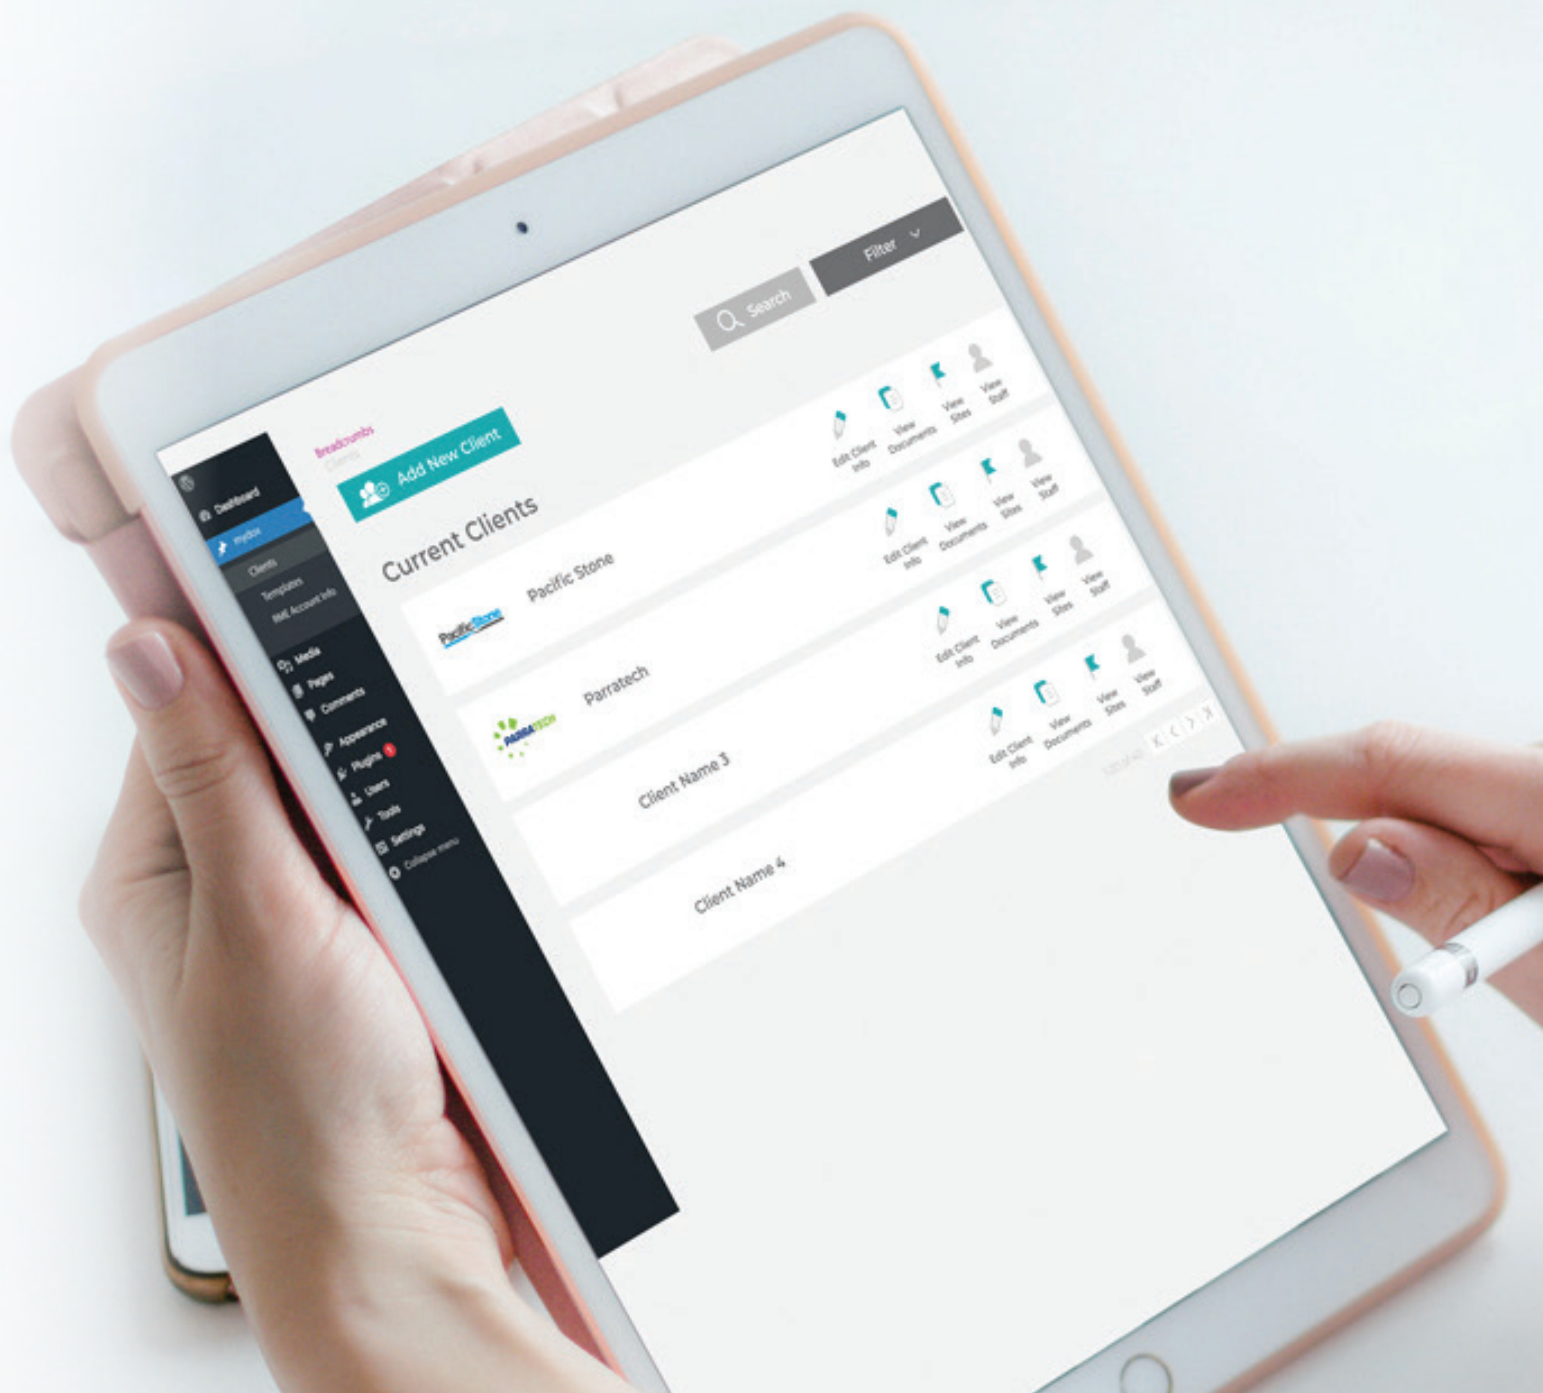

These include, but are not limited to:

- Company Inductions
- Integrated Business Management Systems
- Integrated Project Management Plans
- Integrated Field Safety Plans
- Covid Safe Plans
- Business Risk Registers
- Project Risk Registers
- Safe Work Method Statements

Your customised digital documents are completed by using a computer, tablet or mobile device. This includes editing, completing the required text fields, uploading photos, electronic signatures, time stamping and managing version control.

These include, but are not limited to:

- Job Safety Analysis
- Safe Work Method Statements
- Work Site Inspections
- Staff Meetings and Toolbox Talks
- Incident Reports
- Investigation Reports
- Corrective Actions
- Hazardous Chemicals Register
- Plant and Asset Registers

The Mydox digital platform is an organised folder structure which is a Centre Source of Truth and document repository system. Documents and records are automatically saved and time stamped in the correct folder location for ease of reference when required.

Your customised system can be certified to ISO Standards 45001, 14001, 9001 and also accredited to Office of the Federal Safety Commissioner (OFSC) requirements by using the Mydox software.

Achieve greater administrative efficiencies and productivity with Mydox!

Mydox is a Smart software platform which has a built in Real Time Dashboard and Automatic Email Reminders to help both management and staff to stay on top of their deliverables and reporting obligations. This includes Incidents, Corrective Actions, Worksite Inspections, Staff Meetings and Company Inductions.

Mydox is suitable for all businesses in any industry.
